Date: 30.01.2024

To,
All bidders

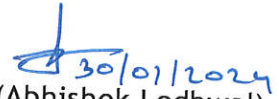

Subject: - Widening with 3 additional Lane abetting Existing two lane Chhapra Bypass Section of NH-19 from Km. 143.200 to Km. 159.255 on National Highway No. 19 (Total Length - 16.055 Km) in the state of Bihar on EPC Mode

Corrigendum-IV

Kindly refer to the invitation of RFP for Subject cited project and Corrigendum/Addendum is attached herewith along with Annexure.

2. The attached Annexure-I shall be formed part of DCA.
3. The attached Annexure-II shall be formed part of Technical Schedule.
3. All other terms and conditions of the RFP will remain same. This corrigendum will be part of RFP.

Regards,

(Abhishek Lodhwal)
Manager (T) - BH

Sr. No	Clause No.	Existing Clause	Modified Clause
1	Clause 11.7 (Monthly progress reports) of the DCA	During the Construction Period, the Contractor shall, no later than 10 (ten) days after the close of each month, furnish to the Authority and the Authority's Engineer a monthly report on progress of the Works and shall promptly give such other relevant information as may be required by the Authority's Engineer. The Contractor agrees that reporting under this Clause 11.7 shall continue until the date of the completion of the Works. Each report shall include: (a) ***** (b) ***** (c) ***** (d) ***** (e) records of manpower and Contractor's equipment on the Site; (f) *****	During the Construction Period, the Contractor shall, no later than 10 (ten) days after the close of each month, furnish to the Authority and the Authority's Engineer a monthly report on progress of the Works and shall promptly give such other relevant information as may be required by the Authority's Engineer. The Contractor agrees that reporting under this Clause 11.7 shall continue until the date of the completion of the Works. Each report shall include: (a) ***** (b) ***** (c) ***** (d) ***** (e) records of manpower and Contractor's equipment on the Site; alongwith a detailed report indicating the locations and movements of all construction vehicles by way of installing a functional Global Positioning System (GPS) in each vehicle, which shall include, but not limited to, the following information: (i) Real-time location data of each construction vehicle. (ii) Timestamps indicating the start and end times of vehicle movements. (iii) Mileage covered by each vehicle
